

Hi there!

I'm Andrea, a freelance Digital Compositor and Motion Graphics artist.

Over the past 7 years, I have worked as a freelancer on international and independent movies, commercials, and game cinematics. I have collaborated with award-winning studios such as Scanline vfx, Framestore, Luma Pictures, Mill Film., and many others.

In addition to my compositor skills, I have a background in painting. I hold a Bachelor's degree in Advertising and Communication with a focus on Graphic Design and Painting from the Academy of Art in Catania, Sicily (Italy), and a Master's in Compositing for Production from Escape Studios in London. I have a deep passion for painting, photography, and animation.

I'm also proficient in Editing and 2D Animation using After Effects.

Currently

I am studying 3D animation. I thrive in a team environment, especially in a creative setting where I can share my experiences, learn, and enhance my skills.

In my spare time, I love to dance breakdance, practice slacklining, play chess and watch movies!
